Petitioner contends that the roads, drains &c are in-complete & that therefore they are unable to take charge thereof & maintain them as parts of the City. The cost of maintaining the roads, streets & lanes, (35 miles in length) is quite out of proportion to the small revenue realized in the Extension - the Board - that contends to amount to Rs 7000 a year while the margin left is nil - as per Budget Estimate

Considering the circumstances under which the extensions were effected, a further continuance of the generosity of Govt is in my humble opinion necessary - The Board however may be asked what they have to say before further orders are passed on the present reference.

4 We may continue the present arrangements for another two years that is to say till the end of June 1906 and on the 1st March of that year again for consideration then. In the meanwhile we may give notice of this arrangement to the municipality. There seems to be no objection on the part of the municipality. We will have them try again
